Riferimento C98060

Ufficio per la sicurezza delle derrate alimentari e la salute
degli animali dei Grigioni, Ringstrasse 10, 7001 Coira

Acquedotto San Vittore
Manrico Duzzi
6534 San Vittore

Certificato d'analisi ufficiale

Dati generali

Azienda Acquedotto San Vittore, 6534 San Vittore, Nr. 28054
Responsabile dell'azienda ~~XXXXXXXXXX~~ PAOLO ANNONI
Motivo del controllo verifica del rispetto di specifiche direttive della legislazione sulle derrate alimentari
Metodo di verifica Secondo le norme e i protocolli riconosciuti a livello internazionale oppure secondo altre procedure validate
Responsabile del prelievo Johann Sandbichler, controllore derrate alimentari
Campioni pervenuti il 24.09.2020, 15:58 h

Campioni e risultati

439676 PW-San Vittore

Per quanto analizzato, il campione è ineccepibile.

Acqua potabile alla fonte

campione del: 24.09.2020, 07:30 h
numero bottiglia: 1
temperatura del campione: 16.0 °C
aspetto: limpida
stato del campione alla consegna: refrigerato
fornitura del campione: personalmente
Utilizzazione: utilizzata
Condizioni meteo: lieve pioggia nelle ultime 24 ore
altitudine sul mare: 278 m ü.M.

TBDV = Ordinanza sull'acqua potabile e sull'acqua per piscine e docce accessibili al pubblico (RS 817.022.11); nr = non reperibile; SOP e valutazione della conformità = vedi www.alt.gr.ch

Valutazione

In uno screening di 298 pesticidi nessuno di essi è stato rilevato.

Cordiali saluti

**Ufficio per la sicurezza delle derrate alimentari
e la salute degli animali dei Grigioni**

Matthias Beckmann
chimico cantonale
